

Almond Rice Pudding

INGREDIENTS

- 🍷 1 cup pudding rice
- 🍷 4 cups almond milk (I used Alpro unsweetened roasted almond milk)
- 🍷 1 tbsp vanilla extract
- 🍷 1 tbsp agave syrup

METHOD

- 🍷 Rinse the rice under cold running water till the water runs clear
- 🍷 Put the rice, syrup, one cup of milk and the vanilla into a large pan
 - 🍷 Over a low, medium heat, cook the mixture till the milk is absorbed and repeat till you've used all 4 cups of milk
- 🍷 Top with whatever you like and enjoy! It's delicious hot or cold

TIP: Take your time with it, stir continuously and don't rush adding the liquid. I promise the end result will be worth it.
