

Almond & Honey Cookies

If you like almonds, make these cookies. If you like honey, make these cookies. If you want an easy, no refined sugar, gluten free, dairy free, minimal ingredient treat... make these cookies. I've been experimenting with the recipe and I think I've finally nailed it.

INGREDIENTS

(Makes about 14 cookies)

- 2 cups ground almonds
- A cup flaked almonds
 - $\frac{3}{4}$ cup honey
 - 1 egg
 - A tbsp. vanilla
- Blanched almonds for the top

METHOD

- Preheat oven to 175° and line a baking tray with baking paper
 - Mic all the ingredients in a bowl
- Shape into balls and flatten (you can have them quite close together as they won't really expand much)
 - Top each one with a blanch almond
 - Bake for 12-14 minutes until golden brown
- Let them cool completely before carefully removing the paper
